

RE: Lepi Enterprises Inc.
Subject: Letter of reference

To whom it may concern,

Lepi Enterprises Inc. recently completed construction renovations for our new branch office located at 905 Zane Street (the former Buckeye Supply building). Lepi performed all of the work in a professional high quality manner. Lepi completed the project on time and within budget, even with a very aggressive schedule. They seamlessly coordinated with our architect, Jeremy Davis from Brian Addis LLC, to complete a beautiful facility that we are very satisfied with.

We highly recommend Lepi Enterprises Inc. for any construction project you may be considering.

Please feel free to call me at 740-453-1009, if you have any questions.

Sincerely,

Michael King
